DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these other articles of vegetable origin are combined, designed to render them more active, and consequently more immediately effective

The Dock, or rather a species of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them It can[illegible] be concealed the idea of uniting them, which has resulted in the production of the compound In this the ingredients are found to act in harmony and to lose none of the qualities which they so severally possess

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract most to be relied on and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time, without heat or any other accelerating agent None is permitted to be used in the compound that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofulas Erysipelas, Ulcerous affections Eruptions, and Mercurial diseases Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature intense applications, exposures to extremes of heat and cold, overtaxing the physical powers and other abuses of the constitution among which are Neuralgia, Tic Affection of the Liver, Bilious Complaints and Dyspepsia or Indigestion

In disease of warm climates with which the proprietor became familiar in his practice in Havana some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use this city, where the proprietor has passed nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general by whom he is known

M'Alister's All-Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet, it not only acts upon the organs of the chest, but the wholesome vital system feels influence It moves along the nerves and thus find its way to the liver, lungs stomach and brain imparting increased activity and energy to these organs, while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and liver complaints. Also headache, ague consumption and spinal diseases

Its first action is to open the pores of the flesh impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system It performs precisely in sickness what nature performs for herself in health having the full use of her functions of the body

It is this power which enables the ointment to sweep off cutaneous eruptions skin diseases of every nature, also to subdue all inflammations, fevers, and all bowel complaints—in short by keeping the pores of the skin open and restoring Health and nervous energy to all the organs of the body

The Great Remedy for Gonorrhœa

CURED, Stricture and all analagous complaints is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in this Union during the last 40 years the only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS at his Office, No 55 Union street, Boston at $3 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted

The Senate has been forced by the moral power of the House of Representatives into the adoption of the bill for the government of Oregon anti slavery or void and all By the Congress news it will be seen that after struggling through the whole night of Saturday and repeated unworthy attempts to kill off the bill by speaking against time the Senate finally on *Sunday morning* rejected one of the Missouri compromise amendments and passed the bill precisely as it came from the House The bill has been signed by the President and Gen Shields has been appointed Governor of the Territory of Oregon and his nomination has been confirmed by the Senate The appointments of Judges and Secretaries for the Territory were likewise confirmed Congress adjourned on Tuesday morning

Another account from Vincennes, dated the 12th says the result is doubtful, though the probabilities are in favor of a Democratic majority

ILLINOIS.

A despatch from Springfield, dated the 12th says that Semmon, the Whig candidate for Congress in 4th District, is chosen by 50 majority over Mr Wentworth

From Mexico.

☞ We yesterday announced the name of Capt Moses Kendrick as being drowned in this city on Thursday We since learn the name of the person was John Kendrick, of New Bedford, aged 21 years In company with a friend he proceeded to the Penobscot river at Dunning's ship yard for the purpose of bathing After they had been in the water a few minutes, and his friend was standing upon a log, he saw Mr K swimming under water when, instantly his limbs became motionless and he sank in twenty feet of water His friend made a dive for the purpose of recovering him, but with out success An alarm was raised, but all efforts to rescue him were fruitless His body was at length recovered after his spirit had fled

Mr Kendrick had lately returned from the Sandwich Islands where he had been confined to the hospital for about a year from an injury received from a whale He came to this city to visit his friends and return with his sister In his sudden and seemingly mysterious death the hearts of his friends, to whom he was greatly endeared, have been stricken with sorrow His remains left this city yesterday morning, attended by his affectionate sister and several relatives

☞ We would call the special attention of our citizens to the three lectures to be delivered this day and evening before the Institute of Instruction, at Market Hall

The Washington Union contains the following upon Gen Taylor

"There can be no doubt about Gen Taylor being opposed to the extension of slavery His letters to Geo Gaines and others are proof of this fact That he lives in a slave State, is no argument that he wishes its extension Thousands of the citizens of the South believe slavery to be wrong in every aspect in which it can be viewed

This Bill is before the House, and many and efforts are made to carry it through by Senatorial, Executive, and other influences, and with the Missouri Compromise retained

The above vote was upon the following section to the bill as introduced by Mr Douglass of Illinois and for submitting which he has received the thanks of many from the Free States

Mr Calhoun and Mr Wescott, it ought to be remembered, voted against the bill, because the Wilmot Proviso was inserted

When the name of Mr Jamieson, of Mo was called he rose, and said that he had agreed to "pair off upon this question with J Mac R Giddings, and he did not vote This was worse than a monkey, Mr Giddings might as well have "paired off with nobody, as Mr is not in his seat to day in forty]

At one o'clock at ten minutes the Missouri Compromise was taken upon the Missouri Compromise as given above All were in their seats and the members of the house were breathlessly silent It was apparent that the vote would be certainly a close one, though here and there the voice of a Northern man with Southern principles was heard—Birdsall, of N Y sell sacrificing to the last, leading off, notwithstanding the doom which awaits him There were some dodgers present in the Hall, and some ready to vote for the Compromise if their votes should be necessary to pass it but the majority against such a Compromise was overwhelming and the result was received as a sort of volcano in that murder and no one had dreams of so large a vote, or so numerous a majority

I add the yeas and nays and the absentees, and an analysis of the vote,—*the most important of the session*—from which I have been the subject of constant remarks It is determined beyond all peradventure now, that the Representatives of the people from the free States dare not vote or the extension of slavery The exceptions only make the principle sustained, and the very few men who abandoned it, all the more prominent It is hardly necessary to direct public attention to these men If political death overtook the people's Representatives, who voted for the Slavery Compromise twenty eight years gone by, what will be the fate of such men in this more enlightened and responsible day of political place and power?

The Senate expended no idle result as this, judging from the debate last evening.

The Oregon Bill in the House.

The bill was received from the Senate at 11 o clock, and at half past 12 it was reached, among the bills on the Speaker's table.

Mr Smith of Ia, (Chairman of the Committee on Territories) moved that the House non-concur with the Senate, and moved the previous question A call of the House was first ordered, and 198 members answered to their names

The members of the House were deeply excited upon the question, and for a time all was confusion and uproar

The call was suspended while all the members were in, and the House (sustaining the Previous Question) were brought to a vote on the amendments first as to the Veto Power

The House non-concur—yeas 90, nays 106. (The Senate insert the Gubernatorial vote, and the House strike it out)

THE MISSOURI COMPROMISE AS IN THE BILL

"The line of 36 deg 30 min, of North Latitude, known as the Missouri Compromise line, as defined in the eighth section of an article for the admission of Missouri into the Union approved March 6, 1820 *be, and hereby is extended*, ed to the *Pacific Ocean*, and the said eighth section, together with the Compromise therein contained, *is hereby renewed and declared to be in full force, and binding upon the People of that United States, in the future organization of Territorial Governments, in the same understanding, with which it was originally adopted*.

*Mr McClerland of Illinois, who reserved his vote when his name was called rose and voted No. After the roll had been finished, and after appearing in as many colors as the chameleon and deserting to the better part of valor he finally voted against the compromise There were others in equal tribulation but none so vacillating as the laughter who did not vote at all, and finally voted both ways

Mr Editor:

I cannot let the opportunity slip which is in your city of speaking a word in favor of your magnificent steamer the "State of Maine," and of its able and efficient commander, Capt S H Hawes to whom the travelling public are deeply indebted for this beautiful and powerful steamer which has been running 50 miles per hour in the night from Casco bay and the current of Penobscot river, and safely landing at your wharf her swing freight of 900 men women and children

Nor can we pay too much of his gentlemanly and unassuming Clerk, Mr Cushing whose urbanity and politeness admirably qualify him for the duties of his office

In the Steward Mr Hinman, we recognized a popular Steward of the Isaac Newton and the Oregon His tables were well set and his well disciplined corps of waiters admirably sustained themselves during the confusion necessarily incident to so great a multitude coming and going

He was observed the N Y Tribune "the prince of caterers who presence is necessary to give repute to his department to those flowing palaces whatever they make their debut upon the waters

Edmund Hayes.

To the Editor of the Whig and Courier

I have lately seen announced in your paper, the death of Edmund Hayes, brother of the Rev Stephen H Hayes Fryeburg, Me Having been an intimate acquaintance, you will gratify my own feelings and those of a large circle of affectionate friends, by permitting me through your paper, to state some particulars and say a few words in respect to the death of one so much loved and esteemed, and so suddenly taken away

The deceased entered Bowdoin College in 1844 where, with many warmly attached friends he spent more than three years in his successful discharge of College duties Near the commencement of his period year he left College to teach school a few months While there engaged as a teacher, he made so great intellectual exertions in other departments of study that he became somewhat debilitated, and by exposure to the cold, was suddenly prostrated upon a sick bed For some weeks At length having partially recovered, by the advice of his friends, he reluctantly gave up his studies for a while, until he should fully recover, and accepted an agency from Sanborn & Carter, Portland Here perfect health soon returned, and he exhibited such a knowledge of mankind, and such a comprehension of business operations as soon the entire confidence and esteem of his employers It was, I believe, in the prosecution of their business that he met his untimely end an account of which I quote from a letter dated Cleveland, Aug 3d, 1848

"About 1 o clock, yesterday morning, a gentleman who had just arrived at this port from Buffalo on the steamer Ohio, was walking along the pier and by mistake, occasioned no doubt by the darkness of the night, or by a peculiar reflection of the lights on the steamer Niagara which was near stepped off and fell down some 6 or 8 feet into the river He was seen to fall, and an alarm cry was raised, but owing to the darkness and confusion of an unpunctual hour, it was not until he had struggled a few moments and then disappeared several minutes under water, that any suitable measures were taken for his rescue Ten or twelve minutes thus fatally elapsed before he was taken from the river Efforts were made to resuscitate him but in vain The vital spark was extinct The immortal spirit had returned to God When every effort to restore animation had failed, the body was taken to a hotel near where he was drowned, and decently laid out The favorable impression which he had left on the minds of some of his fellow passengers from Buffalo, and the suddenness of his death produced a deep sensation here especially among the young men of the city That one so energetic, so intelligent, courteous and promising should die so suddenly, so far away from home and kindred and friends, touched deeply many a heart in Cleveland

The young men held a meeting at the City Council room and took measures to have him buried with becoming funeral services at their own expense This they chose to do in testimony of their regard for the deceased stranger It was arranged to have the corpse put into a coffin and then brought to the Franklin House one of the principal Hotels, and to have the funeral take place at 10 o clock, A M today at the 2nd Presbyterian church in the city—the Pastor officiating This arrangement was carried out—a large number of our most respectable citizens being present, several appropriate passages of scripture were read—a brief address delivered, and the exercises closed with prayer Many tears were shed We all felt that Edmund Hayes was indeed somebody's son, and brother, and friend We had ceased to feel that he was a stranger to us All of him that could die, has buried in a pleasant part of one of the most beautiful cemeteries of the West

Thus fell the noble hearted and generous youth—hurried away from us at an unexpected moment, from the midst of life's opening scenes, buoyant health, high and ardent hopes, prospects fair as the rising of an unclouded sun, attached and ardent friends, and everything that goes to make life a desirable and a pleasant thing

"When life as opening buds is sweet,
And golden hopes the spirit greet,
And *youth* prepares his joys to meet,
Alas! how hard it is to die!

When science is seared some valued grace,
And duties press, and tender ties
Forbid the soul from earth to rise,
How awful then it is to die!

As a scholar he was penetrating and comprehensive—as a leader among the successful and beloved, as a dying parting tear and farewell gift has told—as a companion he was frank and generous, exceedingly amiable and lovely

By his energy in business he made many acquaintances, and won the esteem and respect of all who knew him There was something in the nobleness of his mind attractive and winning, even to strangers, as is seen by the interest taken in him by his fellow passengers, together with the noble hearted young man of Cleveland The news of his death rests upon the hearts of his friends, like autumn's shadowy cloud To his relatives it must be a sword piercing through their hearts. He fell in the days of his youth bidding good from the midst of his course and left many a bleeding heart behind Brother true friend, we leave thee to thy rest—to thy God.

☞ Report of the proceedings of the Institute of Instruction necessarily laid over to tomorrow

CONGRESS

Washington, Aug. 12.

In the Senate, the Rivers and Harbors bill, from the House, was read twice and referred to the Committee on Commerce

Mr Atherton from the Committee of Conference on the Civil and Diplomatic Appropriation bill, made a report which was concurred in a similar report, the bill stands passed. Among the amendments agreed to, and in the bill as passed is that for the purchase of the Jefferson and Hamilton papers, at $20,000 each

The Oregon bill which has been returned from the House with a disagreement to the amendment of the Senate, extending the Missouri Compromise line to the Pacific Ocean, was taken up for consideration.

Mr Dickinson moved that a committee of conference be appointed

Mr King said it was his wish the Senate must insist upon their amendment before it would be in order to ask a Conference He moved that the Senate insist upon its amendment the Missouri Compromise

Mr Benton said the first motion in order would be a motion to recede He should make that motion and asked the yeas and nays upon it

After a good deal of discussion upon points of order a motion was made to lay the bill and amendment on the table, which was negatived—yeas 17 nays 30

Mr Benton hoped the vote would be taken on his motion to recede from the amendment He had an anxious desire to adopt some mode of conciliation and had always been against clogging the Oregon bill with any thing relating to California

Quite an animated discussion ensued in which Messrs Berrien, Calhoun Bell Foote D Wes Westcott Butler Hon Sen Benton Rusk Johnson of Georgia and others took part, and which had not concluded at 5 P M, when the Senate took a recess until 5 P M

EVENING

On motion of Mr Benton, to recede from the amendment the Oregon bill was further discussed The debate was very animated

The plan of carrying out the strength and patriotism of these Senators is known to be in favor of receding, and of passing the bill, was persevered in At an early hour a most remarkable incident occurred a part of the same scene Mr Hunter, of S C, rose with a copy of the National Intelligencer of the 10th inst in his hand, and called the attention of the Senate to a fact that a correspondent of that journal had published a report of a part of the Proceedings of the Senate in secret session upon Gen Kearney's case

The correspondent said that Mr Benton had furnished a copy of the resolution offered by him in that case How this was gross and most dishonorable violation of the rules of that body, and he proposed that the Senate now proceed to inquire into the fact in secret session

Mr Benton rose, pallid and quivering with rage He took up the Senator's publication as dishonorable and should do at the top of his voice, that the man who accused him of dishonorable conduct lied in his throat "Yes, lied in his throat, Sir This is repeated more than once with increased vehemence He said he never quarrelled in his life, that he had fought and fought to the death He was ready to maintain every where, as well beyond as within the walls of the Senate that the Senator lied in his throat During all this time Mr Benton was loudly called to order by the chair and many individual Senators Mr Douglass and others proceeded to his seat and he was at length quieted

Mr Foote took the floor after this painful and lamentable scene and had not proceeded far in that peculiar style of speaking, which happily for the character of the Senate is peculiar to him when Mr Niles called him to order for illiberality After some conversation he modified his objection into impertinence The seats were nearly vacant at the beginning of the interruption but they were almost immediately occupied and a vote taken on allowing Mr Foote to proceed in order Leave was refused—ayes 7 nays not counted At 8 o'clock in the morning [Sunday] I found Mr Davis of Mississippi speaking as just proceeding

The vote was obtained on the first amendment at half past nine, [on Sunday morning,] and the final and test vote upon receding from the amendment embodying the Missouri Compromise, and the Senate agreed to recede by the following vote

Yeas—Allen Baldwin, Benton Bradbury Breese Bright Cameron, Clark Corwin Davis of Mass, Dayton Dickinson Dix, Douglass, Dodge Felch Fitzgerald Foote, Greene, Hale Hannegan Houston Miller, Niles Phelps Spruance Upham Walker Webster—29

Nays—Atchison Badger Bell Berrien Borland, Butler Calhoun Davis of Miss, Downs Hunter, Johnson of Md Johnson of La, Johnson of Ga, King Lewis Mangum Mason Metcalf Pearce, Rusk, Sebastian, Turney, Underwood, Wescott, Yulee—24

There were two deliquents from the Free States Sturgeon of Penn, and Atherton of N H The former was prohibited by sickness, the latter is the same way embodied in the House of Representatives on the out agenous question of privilege violating the right of petition It is proper that such men should be peculiar and alone, and they fortunately are so

The Senate adjourned at a quarter to 10 o clock having been in session 24 hours less one hour and a quarter

In the House, [Saturday] Mr Vinton from the Conference Committee on the Civil and Diplomatic Bill, made a report, on which the House was to recede some and the Senate some points

The question on adopting the report was decided in the affirmative—yeas 101 nays 72

The Post Office Appropriation bill was taken up A debate arose as to some of its provisions, by Messrs Root, Kaufman Phelps and others

Some of the Senate's amendments were agreed to—others not

The House took up the bill for granting public lands for a railroad in Illinois A motion to lay it on the table was lost The Bill was then put upon its passage and was defeated—yeas 74 nays 78

Mr McLane moved to reconsider the vote, and gave his reasons for so doing He wished to vote for the bill Pending his remarks, the hour for a recess, half past three arrived, and the House took a recess until half past five o'clock

[We have no account of the proceedings of the House on Saturday evening

MONDAY, Aug 14

The following sketch of the proceedings of Monday forenoon, is furnished by our N York correspondent

The Senate met at 9 o'clock, and sundry expedients to kill time were resorted to by Messrs Turney, Yulee, and others, to prevent the question being taken on a resolution, submitted by Mr Benton, to suspend the joint rule which prohibits the President from signing bills which are passed on the last day of the session, the object being to secure the President's signature to the Oregon bill After some excitement, the question was taken, and the resolution was adopted

So the bill was sent to the President with two or three private bills, and signed

A resolution was offered to resume business at the next session in the order which it was left at the close—which was passed

Nothing of importance in the House

At 12 o clock on Monday, both Houses of Congress finally adjourned

The Washington Union undertakes to say what Gen Cass would allow and what he would not allow if he were President It is hard to say what he wouldn't allow If he is remarkable for anything it is for extra allowances —Louisville Journal.

ASTRAY.

The flower on the plain above,
And lies to watch his fairy love,
But long in vain. A new-love fell;
Into the stream. Fruitless toil
And then the flow'r was seen
As though it drooped from grief
And glancing down from heaven, fell down
To seek on earth a kindred home.

Dr Townsend's Sarsaparilla is the subject of nearly all the medicines now offered for the cure of the Liver in the United States. Such is the case with the Hungarian Balsam of Life Its virtues are cured, and will cure the most desperate cases

Read the Following Testimonial If any thing could recommend to the public the Hungarian Balsam, which we believe to be the most powerful and the safest preparation of the kind ever offered, it would be the following testimonial, which we have received from one of the most respectable citizens of Newburyport, and which we know to be entirely correct in every particular. It is purely vegetable compound of the most powerful and safe remedies for the cure of Consumption, Coughs, Colds, Asthma, Bronchitis, Spitting of Blood, Pain in the Side, Liver Complaint, Dyspepsia, and all diseases arising from an impure state of the blood

Pamphlets containing similar testimonials may be had gratis of DAVID LORD and C W LADD only agents in Bangor

THE BEST TRUSS IN USE

The subscriber would call the attention of Invalids and others in want of a Truss to the fact that he has for sale at his office, No 2 Nassau St, New York City, Dr Marsh's Improved Elastic Truss, which for the last ten years has proved itself to be the best instrument ever invented for the cure of Rupture. Having had a severe rupture myself and tried all the various kinds of Trusses in use for the last ten years, I was induced to try one of these and finding that a perfect cure was the result, I immediately procured another for my brother, who was also ruptured, and who has also been cured by the use of it. I can therefore recommend it as the most perfect Truss ever invented

SAMUEL PRATT, M D

New York, May 11 1848

To Mr J W Phelps—Having with pleasure to myself, procured from you a Truss for my brother, who for the last ten years has been afflicted with a severe rupture, which has resisted the skill of many eminent physicians, and have heard much said of its superiority, I will say that I am happy to state that it has given entire satisfaction in every instance, and I have no hesitation in recommending it to any person in want of a Truss

DISCOVERY CORDIAL,

—IN—

Immediate & Perfect Cure

—FOR—

CHOLERA MORBUS DYSENTERY DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN, SEA SICKNESS &c

THIS Popular Preparation is a Cholera Dysentery and Diarrhœa Remedy that no longer to be surrounded feared of the following terror—as this Cordial will almost assuredly cure the disease in the course of two hours, if taken at the commencement.

It has been before the public for more than six years, and was the first article made known to the public as an Immediate and perfect remedy for these complaints. It has been thoroughly tested in every country and every climate, and itself has every where proved the same—SURE TO CURE, even when the disease has advanced to the last stage. The public may rest assured that it contains neither opium or mineral substances, or any thing that is in the least injurious to the constitution.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting and stops the pain, stays the Diarrhœa and restores the bowels to a perfectly regular and healthy state, however severe the attack may be or however long the patient may have become it invariably restores

Severest cases of Dysentery,

at immediately controlled, the pains are stayed the bowels healed and no unpleasant effects from the bowels being deranged by the disease is known in the short space of from one to twelve hours.

Chronic Diarrhœa,

after all other remedies have failed to restore the bowels to their healthy action, has recently been cured with this Cordial, and this may be restored in a more wonderful manner than any other remedy, as it gently strengthens, and silently restores them to perfect health

Cholera Infantum

It has saved the lives of many children when reduced to the last extremity, and when all other remedies have failed to give relief, and they were soon recovered

Sea Sickness.

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting and entirely restores the patient. It may be taken by children or grown persons in any case of Sea Sickness

Children that are Teething,

are advised to purchase a bottle of this Cordial and always keep it provided with this article on hand, as it will keep in any climate, and should always be kept out of the reach of children. It is both safe and sure and will not fail to relieve the infant from all pain and suffering that it may be subject to

For General Debility and Dyspepsia,

it is a most excellent restorative, giving a healthy tone to both the stomach and bowels and prevents food from putrifying in the stomach

CAUTION.

Beware of the numerous spurious which are daily palmed off upon the public. Bearing the name of an article which is CHOLERA MORBUS DYSENTERY AND DIARRHŒA CORDIAL, which some impostors have borrowed. Also, they have copied my advertisements and prefaces, added cuts &c, but they have done this for the purpose of palming off their worthless articles on the public. The extensive and reputation of this original and best popular preparation will ever secure to it the public favor.

Be sure that you obtain MRS E KIDDER'S Cholera Morbus Dysentery and Diarrhœa Cordial and then will get the only true and original article, which has ever been before the public for the last eight years, and has ever been held in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart, intended for family use, at One Dollar a bottle.

Sold by MRS. E. KIDDER,

A PHYSICIAN, who is truly the most distinguished of any on a large City for professional skill CERTIFIES to making as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs** Some will marvel at this REMARKABLE Cure but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCALCULABLE of doing injury What distinguished compliments are these Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails the)

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the HEART OF DEATH seems ready to strike the sufferer And the reason for this is, that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious SUCH AS all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or feverish Skin yellow, Nerves deranged It restores Health Strength and Vigor, to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease no every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient or prolong his sufferings But it first attacks the disease and stops it then moves it, then brings up the flesh and strength once perfectly pure Blood, so that the cure is always thorough and permanent Others only scatter or back on the disease but this EXTERMINATES it wholly from the system—this leaves the patient all white others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors, and Physicians always prefer it** for the sake of its Superiority Try it, all you who are seeking the INESTIMABLE BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is a conceded fact that the Sarsaparilla is made, as the GREAT MEDICAL ART has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cared for as they ought, hence it is that all the secret nostrums which are used with the hope of Cure are invariably and entirely fail But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease Affection or Pain, when it comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery we are always pleased to give credit for that which is truly useful, and to give information which may benefit others A few days ago, a brother of ours from Norway Me came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him saying that he was confined to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

Boston, Feb 10, 1847

My residence is Norway Me Three years ago last fall I took a violent cold, which left a cough of the most laggard and kind, accompanied by severe pain in the left side Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases, but could find no relief but grew worse, and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle The gave me instant relief, and six bottles have broken up my cough, and placed me on a situation to resume, with advancing health, my usual occupation

BE WISE TO-DAY!

Delay in any case of Consumptive tendency is as emphatically Death, under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described, be advised in time

OFFICE OF THE COLUMBIA DEMOCRAT,
Bloomsburg, Columbia Co Pa, March 4 1848

DR William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines Acting under this influence I have seldom resorted to the Pill box I will March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family gave them a decided preference over every other preparation

In every instance when afflicted with sick headache, or when the stress of life was encumbered with morbid humors I found speedy relief from the use of your Pills By taking from four to six on going to bed, when indisposed, I have always been restored to health, without loss of time, and without the expense of a physician Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient, and in my case without producing even sickness at the stomach

Respectfully your friend, &c

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicines we must confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy for a gentle medicine, one or two will be found mild though effective Where *hale* or other impurities have accumulated and more thorough medicine is required a dose of three or four of these pills, taken on going to bed, will be found effectual in cleansing the stomach and restoring the bowels to a healthy state We speak from experience, and take pleasure in commending the pills to the public.

Soundness of the Animal's Wind,

This remedy which has been used with such remarkable success in England is now offered to Horse owners in the United States as a positive specific for those obstinate and distressing complaints From the combination of powerful vegetable ingredients which compose it, it is unable to fail as a complete success in any such disease in the hardy constitution of the Horse and at the same time is warranted to be perfectly safe and genial as eaten greedily by Horses and other cattle, and cannot at all once influence the animal, or deter him from usual labor The following is one amongst many proofs we have of its efficacy It is from one of the best Farmers in New York and a gentleman whose knowledge in the medical treatment of Horses is very extensive

Messrs A B Gough & Co

Gentlemen—You will recollect that I bought a package of your Heave Powders some time ago to administer to a favorite horse of mine, who had been troubled with heaves for more than two years His case was a very bad one, and so severe as to incapacitate him from half the usual labor, and had resisted all the remedies ordinarily used for this disorder Under these circumstances I was induced to try your Powders, and was pleased to find that a single package carried the enemy of an aggravated case of Heaves as I ever saw, and his wind is now perfectly good I believe the cure is a permanent one

Respectfully, Et FLOYD 102 Lawrence-st
